PSD2 TPP Onboarding Process

International Trade & Transaction Banking

Summary

CRÉDIT AGRICOLE
CORPORATE & INVESTMENT BANK

Prerequesites

■ **Before trying to onboard to our PSD2 API, you must:**

- Get an accreditation from ACPR or any other European Union banking authority,

- Own an eIDAS certificate delivered by a trusted authority.

CORPORATE & INVESTMENT BANK

Onboarding process

- **Our onboarding process to connect to PSD2 APIs is fully automated**

   1. Connect to our registration tool with following endpoints:

        /connect_psd2/v1/register/idp1
        /connect_psd2/v1/token/idp1
        */psd2/**

    2. Register providing following information:

        - A valid eIDAS certificate compliant with PSD2 regulation. Please note that we will check the validity and compliance of your certificate,

        - Your 'redirect_uris' which is the url towards which the user will be redirected after having performed strong authentication.

    3. Once controls performed, we will provide you credentials to access our PSD2 APIs.
